

April 23, 2013

To Whom It May Concern,

I have had the pleasure of working with TriXtan over the past 3 years. His upbeat attitude and diversity of talents have made him a go-to choice.

His passion for performing is evident in everything he does. Particularly when it comes to magic, and making it more accessible to Calgarians. His dedication to producing Alberta's only quarterly illusion show, "Our Next Show", is the reason why I nominated him for Canadian Magician of the Year for 2013.

There have been many instances where I will meet someone new and the topic of magic will come up. More than once people will ask me, "Do you know a magician named TriXtan? I saw him at my friend's party and his magic blew me away!"

If you are considering TriXtan to entertain at your next event, I recommend him without hesitation. I have hired him on a dozen of occasions, and have always received glowing feedback from my clients.

Sincerely,

Eric Fairlie, BBE
President and Entertainment Director
